Dear Madam:

I shall be glad to have photographed for you the three medals showing dancing figures, which you desire. It may be some days before I am able to have the work done, but I will take the first opportunity which presents itself.

Very truly yours,

Curator

Dear Madam:

We should appreciate it if you would kindly send us your remittance for $3.50, for which we have twice billed you for one photographic print, as requested by you in October last.

Very truly yours,

Curator

Dear Miss Mock:

We still have on our books a bill that we do not find as having been paid. It was contracted for in October 1924, and was for making a negative and a print of one of our plaques. We appreciate that you have been travelling much of the time, but we do wish you would close up this transaction.

Yours very truly,

Curator.
